The only excused absences from practice will be for school functions that result in a grade, family emergencies or illness. If your athlete is sick, they still need to come to practice (unless contagious). They will not be required to participate; however, they still need to be present. If an athlete incurs 6 unexcused absences, removal from the team will be discussed, or their role in the routine will be minimized. All competitions are mandatory. In the event that an athlete is sick the day of, they can

wear a mask up until time to compete, compete without a mask, and then they are released to go home immediately after their performance.

### **Practices**

Athletes will start practices the week of July 5th .We will be closed Monday, July 4th. There will be a mandatory parent meeting on the 1st day of their practice! Teams will start their fall schedule the week of Aug 15th. It is extremely important to notify us in advance of any conflicts you may have when filling out the registration form. The team can only be successful with everyone at practice. We do our best to create a schedule that works best for the team, but we will not be able to allow athletes to consistently be late or miss practice due to other activities.
